Learning Report Summary

1. Yes, I successfully completed the assignment with no errors upon running while getting the correct result.
2. I spent about five hours on this assignment.
3. I found the assignment mildly challenging. It was difficult to find what I needed in the documentation, and instead I referred to the videos instead.
4. I wrote the program myself.
5. I used the documentation, linked videos, and Google to solve my issues.
6. I learned how to use Pandas -- more specifically, the series and dataframes from the library.
7. None.
